9	BFU – Battery string (Battery cable)	2	RPM 777 161 /01000

(1) Valid for only BFU 01 01.  
(2) Valid for BFU 01 01, BFU 01 02 and BFU 01 03.

**Notes:**

RBS 6102 with PCU AC 06 and seven PSUs doesn't support AC heater. The AC port on the PSU AC, previously used for the AC heater, can be used to power the 7th PSU.

Leave the AC heater disconnected on site for now and this needs to be replaced with a DC heater for future upgrades as per availability in stock.

The BFU-2 will not be connected to the internal battery as part of the upgrade therefore the cables are not included in BoM.
